

UNDER NEW OWNERSHIP

Extensive Range of Services
Available NOW

We Specialize in High Volume Quality Metal Finishing

For decades George Industries has been a reliable quality service provider. Day after day we continue to deliver high volume and exceed high expectations in a competitive industry.

We Utilize Robotic Paint Systems for Consistent Quality at a Calculated Rate

We apply our paint with state-of-the-art robotics using a carousel system or a long conveyor line. Robotic paint systems bring value and rapid turnaround time to our customers.

We Are a One Stop Shop

We are dedicated to being a vital part of the success of our customer. Together with our affiliate companies we offer an extensive variety of finishes and services. Trusted by OEM suppliers with large capacity requirements.
